

SCHEDULE D: SERVICE DEFINITION: CALL REPORTING SERVICE

1. Call Reporting Service Description

This Service allows the Customer of Vysiion’s VSP to view call information relating to UCaaS Services. Vysiion will provide this service from a centrally-hosted platform, giving users the ability to view/download call reporting information from a secure web portal. The Call Reporting Service provides live call reporting information. Reports can be customised and can be scheduled to run automatically. A more basic version of this Service is available as a feature within the UCaaS Service. The Call Reporting Service is available in three variants: “Lite”, “1000” and “2000” as set out in the table below.

No service credits are offered for any unavailability of the Call Reporting Service.

5. Data Processing

When Vysiion provides Call Reporting Service, this may result in Vysiion Processing Customer Personal Data. The following applies to the Processing of such Personal Data by Vysiion:

Subject Matter of Processing

Phone numbers, call records, content of voicemails, email addresses, passwords/codes and usernames used in conjunction with the Service and/or Service portal.

Nature of the Processing

Storage, collection and reporting.

Location of Processing

The Processing will take place within the UK and/or EEA.

Appropriate Technical and Organisational Measures

With respect to the requirement set out in the General Terms in Clause 10.15 at point (ii), the Customer agrees that as far as it is concerned the security measures set out in the Contract and Vysiion's maintenance of the ISO27001 (Information Security Management) standard or any replacement or equivalent of either subsisting from time to time (the "Security Measures") fulfils the requirement of appropriate technical and organisational measures and the Customer agrees not to contend otherwise, recognising that the Charges for the Call Reporting Service directly relate to the Security Measures to be applied.
